UNDERSTANDING WHAT BELONGS TO YOU

Believers are yet to completely understand the excellent quality of life redemption has offered them. The great price our Lord Jesus paid for our debts from the prison yard of darkness justifies our salvation. (1Peter 1:18-19)

Apostle Paul says in Ephesians 2:4-6 (paraphrases) "...we were dead in sin, but has made us alive together with Christ, ...has raised us up together, and made us sit together in heavenly places in Christ Jesus."

1Peter 2:5 says "...we are now living stones (not dead stones) built up a spiritual house, a holy priesthood to offer spiritual sacrifices unto God." What a great privilege! All given to you on a platform of grace.

This is not a theoretical or theological sitting, it is practical. What are the implications of this? You are no more subjected to darkness. Redemption has changed your position. You are seated with Christ in the heavenlies far above powers and

rulers. Satan cannot legislate on or against your life because Colossians 1:12-14 says that you are no more under this jurisdiction of darkness. You have great inheritance to share with saints in the kingdom of light. (Acts 20:32) But you are a chosen generation, a royal priesthood, a holy nation, a peculiar people, that he should shew forth the praise of him who bath called you out of darkness into his marvelous light."

Gospel Gist Article by Tosin-John

Apostle Tosin Wisecracks: Smooth, save flight to glory land through the atmosphere of praise! Acts 16:25-26 "And at midnight, Paul and Silas prayed and sang unto God....." if you crave the glory of the latter house to be exceedingly greater than before, then, you must come up with a top notch attitude of praises. It is not a matter of debating when we say to experience extreme wonders, you must give extreme praise.

But many Christians are yet to comprehend it. Years after they are born again or born against, they still play senior Jesus in church. Those ones still fail to reverence God in their worship in church. Whereas, in their world of social parties, they are quick to dance like no man's

business, to the admiration of friends and the devil! However, when praise becomes a natural habitat of a Christian, his Glory abides with him/her permanently.

From ages past right into the present, God has not and will not ever stop dwelling in an environment of praise. Against all odds, to trigger the positive effects of the fullness of divinity (aka God's presence), you must be ready to produce a heartfelt praise 24/7. Prayer is good but praise is better.

Praise is the natural habitat of God. More so because God can not dwell in an environment of murmuring and complaints coming from the borders. of Christians in the order of fall and die prayers and singing points! No

wonder the God of 2 chron 20:22 raised an ambush against Ammon, Moab and Mount Seir when Judah PRAISED God ,not prayed.Go check.My prayer is that those walls of Jericho will crash land if you implement the spirit and attitude of praise.

Through praise, we compel God's awesome presence to move our mountain out of sight as He destroys our age long enemies without mercy. I imply you with the love of Christ to praise God continually and consistently without ceasing, without complaints, without unforgiven hearts and of course praise God in and out of season.

PASTOR KERI FRASER

INTERVIEW

1. Ques: Can we meet you ma?

RE: My name is Pastor Keri Fraser. I'm currently the Senior Pastor of Abundant Rain Empowerment Church in Decatur, GA. I am also a gospel recording artist and author. I am a mother of three and happily married.

2. Ques: How old is your ministry and when did you start your ministry?

RE: I have been singing from a very young age but took it to another level when I gave my life to Jesus Christ. I have been a worshipper for as long as I can remember. I have been pastoring for 12 years but I've been leading praise and worship for 30 years.

3. Ques: Is there any experience you would like to share for upcoming Artists?

RE: I would like upcoming artists to realize that when all the lights are off and the music has stopped, you still need to have a personal relationship with Jesus Christ. It's important that they nourish their relationship with God. They need to spend more time in the word

4. Ques: How are you able to manage your ministry challenges with family?

RE: It's important that you stay in the Word of God and have a prayer life. Prayer gets us through the challenges that we face and worship takes our attention off of our problems to focus on God. Also, when we have challenges we need to have a great support team. You need people who can encourage you and speak words of wisdom into your spirit. We minister to a lot of people and sometimes, it makes us empty, so we need a good support system.

5. Ques: How are you able to mediate between your ministry, jobs and family?

RE: You can do that by maintaining good balance. First of all, you must make sure you don't say "yes" to what God has not ordained for you to do because many times we overextend ourselves. Also having a great team who you are able to delegate tasks to, so that you are not overwhelmed. I have a great support system and thankfully they forgive me when I forget some things I'm supposed to do.

6. Ques: What's your definition of a true worshipper?

RE: To me a true worshipper is someone that is totally submitted to the Lord Jesus Christ and always makes his/her vessel available for Him to use. Worship is not only a song you sing but a constant and daily submission to what God told you to do and putting His words above every other thing. It's important for people to know that you are not a true worshipper just because you can sing well or you lead praise and worship in your church or you are doing concerts all over the world. True worship happens in the trivial things when God gives you a directive and you submit yourself to obey God.

7. Ques: How many albums or books do you have so far?

RE: I have done about 5 recordings and my latest project is called "In Awe of You". I released a song last year called "My Season". Recently, I shared a new song called "Resurrection Power". We are working on a new album and will let you know when it's coming out. I also wrote a book entitled "Taking the Limits OFF".

8. Ques: What's your piece of advice for upcoming music Ministers, especially women in Ministry both Single and Married?

RE: As I mentioned earlier, a relationship with God is very important. Also, as artists we must take our gift seriously. Take time to improve by growing in the gift. As women in the ministry, we need to let go of fear and allow God to use us in the way he has ordained. There is nothing more beautiful as accepting who you are in God by using God's anointing to impact people

PASTOR ABODERIN BUILDING ACCORDING TO *PATTERN*

No other foundation can any man build on and it will stand except that which God has laid; even when you try to build on the right foundation. if you fail to build according to God's specification, whatever you build on will not stand the test of time. Everyone is a builder in one capacity or the other. We all have the honor to build our lives; but those lives do not solely belong to us, whether we like it or not. God is the architect of every life so, whatever you think God is your creator your beginning. If there is no foundation, there cannot be a building.

If God is the architect, he obviously has the master plan of our lives upon which the foundations are laid. Whatever you are building starts from the foundation which has been carefully laid and must be followed to letters.

This implies that each stage of heights in the construction of life revolves around the Architect and his master plan. Therefore, it is imperative you consult the author of life before you start laying each stone of your life, which marks life progression. Whatever you intend to build, He has the specification for that thing you are planning to do

Let us come closer to why we are here. God is the foundation of life. There is nothing any man has attained on the surface of the earth that has no origin in God. Every material man is using to achieve anything on earth are created by God and so man cannot claim sole ownership of anything in life.

The Bible says in 1Cor 3 "For no one can lay any foundation other than the one we already have – Jesus Christ." Verse 10 says "... But whoever is building on this foundation must be VERY CAREFUL. Being 'VERY CAREFUL' are the words - people are watching our actions, hearing our words, weighing our attitudes and everything we are doing.

One thing is certain; as children of God, as churches of the living God, claiming to be leading the people of God, evangelizing to draw souls to God; are we building right? Are we teaching right? Are we pointing souls to God in Jesus Christ? Are people aware of the intricacies of the things expected of them to be able to make eternity with God? Are we interested in mundane things of no eternal rewards and value? Are we building our own castle by milking and sapping and draining people for our own selfish ends?

Instead of building people for eternity, we are building them for here and now only. We are not telling them the reality of the life after here and now, heaven or hell. These are the only two options after life here on earth. In Hebrews 8:5, God told Moses explicitly to ensure he builds the tabernacle according specification/pattern he showed him on the mount. There is a pattern that God approves of, if we stick to it, we will draw souls unto Him..... to be continued in the next edition.

Kristojay Paul

Jamaican-born Kristojay Paul is an international Award-winning artist who has been singing since a toddler but officially at age 3 on a small stage. Through her childhood years, from age 5, she has shown her versatility not just for singing solos but has been able to comfortably harmonize and her vocal range extends from tenor to first soprano. She gives credit to her mother, with whom she often sang (from age 10), for playing a major supportive role in honing her musical talents. Over the years she learned to play different instruments including piano, flute, violin, steelpan and percussion. Kristojay has sung with choirs, sang at weddings and church events within the Caribbean and the USA, funerals and corporate events. She has also recorded background vocals for Jamaican artistes. In recent years she has shared platforms with international artistes to include Lynda Randle, Jonathan Nelson, Marvia Providence, William McDowell and Donnie McClurkin.

Kristojay's passion is to use her singing to minister to a lost and dying world as well as encourage Christians to stand up for Jesus in these last days. In October 2015 she felt a strong calling to 'launch out into the deep' as portrayed in Luke 5 and to 'sing unto the Lord a new song' based on Psalms 96-98. In November 2016 she released her first single 'Let the Nations Praise You, Oh God', which was written by her husband Rev. Roger Paul, co-written by Carol Angel and produced by Lifeshift Records, for which she won a Flame Barbados Award. In July 2018 she released her second single 'I Wanna Go', also written by her husband and produced by Lifeshift Records, for which she won two Prayze Factor Awards in Atlanta, GA, USA - Contemporary Christian Soloist and New Artist of The Year. She is excited about where God is taking her and is willing to go to the ends of the earth for His honour and glory. Kristojay is enjoying God's expansion of her ministry and is looking forward to even greater things ahead.

hurting God more than you are hurting your husband, and God will punish you for that, because he (God) was the one who commanded you to submit to your husband. It was not your husband that gave you that instruction. Many wives will never be successful wives and mothers if they fail to submit to their husbands as unto the Lord (Eph. 5:22). Woman do not allow disobedience to run you to hell. To escape hell, please submit to God fully, and submit to your husband. **NEVER ATTEMPT FORCING YOUR HUSBAND TO LOVE YOU.** You cannot change him. Only God can. Play your own role even if he is not changing. Both of you are answerable disobedience to run you to hell. To escape hell, please submit to God fully, and submit to your husband. **NEVER ATTEMPT FORCING YOUR HUSBAND TO LOVE YOU.**

You cannot change him. Only God can. Play your own role even if he is not changing. Both of you are answerable to God for the reward of obedience or disobedience to Him. Every action you take must be with the mind of pleasing God for your husband. In addition, pray for him. Since the day you got married, your spouse became your first neighbor. So, endeavor to love your neighbor as yourself.

PST CHRISTOPHER-IKEBUWA

HOW YOU LOVE GOD WILL AFFECT YOUR RELATIONSHIP WITH YOUR SPOUSE

PEOPLE WHO FAIL TO GROW THEIR LOVE WITH GOD WILL FAIL TO SUBMIT OR LOVE THEIR SPOUSE.

You cannot claim to know God if you fail/refuse to submit to your husband or love your wife, because Jesus said, "If you [really] love Me, you will keep (obey) My commands." (John 14:15). One of the reasons why we have the love of God is to first help us to know how to love God, and then love our neighbors. Your husband or your wife remains your first neighbor for this practice of LOVE and SUBMISSION.

Submission in both ways for husband and wife is perfect love for God. "Be subject to one another out of reverence for Christ (the Messiah, the Anointed One)"- Ephesians 5:21 AMP). The husband submits fully to God who is his head to submit his love to his wife, while the wife submits to God to submit to her husband.

HUSBAND! If you fail to truly love your wife and instead give her loads of headaches, you would certainly be hurting God more than you are hurting your wife; and he will punish you for that, because he (God) commanded you to love your wife. It was not your wife that gave you that instruction. Many husbands' businesses have crumbled because they did not obey God in loving their wives. And many will never rise beyond where they are, and many more who are wasting their resources on strange women will fall eventually if they do not love their wives (1 Pet. 3:7). Disobedience is the only thing that will run people to hell. To escape hell, please submit to God fully, and love your wife. **NEVER ATTEMPT FORCING YOUR WIFE TO SUBMISSION.** Play your own role. Keep loving her and keep praying for her, even if she is not bulging. Both of you are answerable to God for the reward of obedience or disobedience to him. Your continuous love action (not sex) can be heaped up on her like coals of fire capable of turning her hearts back to God and to you. Let God use you and not the devil. Let all your actions always tilt toward God's will. **WIFE!** If you fail to submit to your husband and instead give him loads of headaches, you would certainly be

JOSEPH -ROBINSON INTERVIEW

Can we meet you sir?

My name is Joseph Robinson. I am the director and manager for The Chosen Aggrey Nation gospel choir here in Atlanta, Georgia

How and when did you start your ministry?

The Ministry started over 25 years ago. We started October 1993. The Ministry was started by the late minister Jorge Shani and I was the business manager for the choir for Mr.Shani and he passed away in 2002 and I became the executive director and manager for the group. The group's vision is designed to be where musicians and a singer can come together to share their gift that God has blessed them with through gospel music and making joyful noise to our Lord Jesus Christ.

What motivated the starting of the group?

The motivation started with the vision God gave the late Mr.Shani. We did not have an outlet for our music other than the church and we wanted to do something outside the church, for we to have more freedom to spread the gospel in many various places. During that time churches were not invited to some places and we were a community choir making it possible for us to market ourselves in different venues and for people to hear the words of God through music.

How are you able to manage your ministry challenges and your group?

It took a lot of prayers and faith. It is very challenging to deal with a group of people with different personalities, social levels, different beliefs and to bring them together under one denominator. We must spirit. Everyone must have respect for each other, their belief and still being within the boundary of being a christian and spreading God's love through Gospel music. For the ministry Challenges, we were able to manage them through our beliefs, faith in God ,knowing he was able to see us through.

How are you able to manage the ministry, family and your health?

One thing, as a ministry we promote is health because you need all your strength to do all that we have a simple rule that we applied to everyone who joins the ministry, that your home church comes.

THE POWER OF SELF-IDENTITY

(Who are you, woman?)

Pastor Bosede Adetunji Part 1

There is only one YOU. Stop trying to devalue yourself by trying to be a copy of someone else.” – Susie Clevenger The North American English dictionary defines self-identity as: The recognition of one's potential and qualities as an individual, especially in relations to social context. I have discovered in my few years of mentoring a relationship that many people are confused about their identities. Many do not know who they are or what they are called to execute. Worse still, some of these are not even in the terrain of people that will discover it for them. In my analysis of churches, ministries and other organizations all around, I regularly see so-called leaders who have lost their identity through some reasons (that are not for the purpose of this book). You find pastor who is just a few suddenly metamorphose to an apostle, and then a prophet - without knowing the requirements and functions of these offices. Naturally, their followers are also caught up in the loss. FINDING YOUR NICHE You must take time to discover yourself, especially your unique strengths, qualities and area of calling. Without this, it becomes easy for you to either be confused as to the direction you should take, or to get derailed when you have started something good. A person who has not discovered herself, according to one of my mentors, Lisa Nichols, prone to “chasing all the rats at the same time”. This is an indication that such a person will end up achieving nothing. Knowing fully well that there is no way you can be a “Jack-of-all-trades” and become a master 32

GOD'S BUILDING & MAN'S BUILDING:

Exo: 25:40 And look that thou make them after the pattern, which had revealed thee at the mount. Before God will call a man to build, God has already designed the pattern. Moses was given a pattern on how to build the tabernacle. Noah was told on how to build the ark. From creation God has been the designer, the architectural and our Lord Jesus is the builder. Math 16: 18b I will build..... Man is a co-labourer with God the father and Our Lord Jesus the son. If a man fails to cooperate with God to build, then he will build his own pattern and not God's pattern.

The pattern that man builds without God's design and approval becomes a dangerous weapon for destruction. In fact, thousands daily are being destroyed with the same building that man construct with his hands. Man built the Titanic and the same building destroyed many souls. Today all the tragedy and evil that is befalling a man is through what he has

The truth is that man cannot build what is save and secured without God. PS. 127:1. Vain is the building of men without God's approval. Today man's technology, science, structure, building without God are the source of trouble, sorrow, Insecurity etc. Men build name for themselves and yet perish with their name Gen: 11:4. Every city, building, structure, science, technology, name that was not approved by God are all the source of sorrow, pain, trouble, sickness, fear, insecurity, destruction etc.

Every building that God gives the blueprint and man partner with Jesus to build, becomes a place of refuge, peace, comfort, safety, joy, favour, satisfaction, etc. Let all who desire to build a durable, lasting and peaceful city, name, future, career etc. seek God's direction and approval, for there is a way that seemed right unto a man but the end there of is destruction. Commit your plans into God's hand and he will

direct your path, "For without me ye can do nothing". Without God man is useless, hopeless, helpless, needles and valueless. Let us all turn to him, by his word is a standard for our lives, be ye black, white, yellow, rich or poor, let us all return to him, we are his co-labourer.

The Beauty of Corporate Worship

Apostle Deb. Stockton

Praise the Lord beautiful per of GOD... Let's start out by declaring the scriptures... "Worship The LORD with gladness. Come before him, singing with joy" (Psalm 100:2, NLT)"

What s powerful declaration to strengthen our faith. As disciples of CHRIST we must unite with others in corporate worship as much as possible. All true Worship is directed to GOD, our Father. But, worship also has awesome benefits for us too. Here are two of the biggest benefits of corporate worship: It renews our faith, and it restores our joy!!!

Isaiah 40:31 (NIV,) declares; "Those who hope in The LORD will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint."

How many times have you gotten up on a Sunday morning and said, "I'm so tired. I really don't feel like going to church," but then you went to the church and participated in the worship celebration and were more energized and happier than before. That's bound to happen because pure worship renews and refreshes us. Worshipping GOD strengthens and revives our faith.

You're not going to get your strength renewed by watching golf on tv. That's just going to make you lazy and want to indulge more in less spiritual activities. Remember that we get renewed by worshipping GOD with other believers.

As a Senior Apostle/Pastor, sometimes I think of myself like the coach. I must encouraging people to pour out their heart to GOD during Worship Services and to "Thank GOD' for all that He's already done. And suddenly The HOLY SPIRIT reveals himself to is to remind remind us that we're still doing a good kob.

The Bible also says in Psalm 100:2, NIV "Worship The LORD with gladness. Come before Him with singing in joy."I think it ought to be fun to go to

church. That may seem strange to some because it's not how we were raised or how we felt about a certain church we've attended. But the Bible declares to Worship The LORD with gladness — not boredom, sadness, anger, out of guilt or me obligation.

We should be singing for joy in church! Church should have that effect on you. Worship should renew our faith and phenomenally restore our joy.

May this be your testimony concerning ALL Worship Celebrations... "I was glad when they said to me, 'Let us go to the house of The LORD!'" (Psalm 122:1) May you be blessed and joyful forever more!

HER AMAZING BODY IS MADE FOR LOVE: (*Sexual Behavior in the Human female*)

It is true. Biology as well as experience and learning have shaped us so that each sex talks, acts, argues and makes love somewhat differently. Some say it's because we're brought up in distinctly different ways, almost as though we live in separate cultures – sometimes almost separate planets. In my experience, men and women often speak in negative generalizations about each other. Men often say that women are engulfing, sexually unresponsive, too sensitive, moody, and very absorbed in personal appearance. And women often say that men are unemotional, condescending, and thoughtless of other people's needs.

Sex is the ultimate expression of the body and every woman has the right to a satisfying, electric, passion-filled sex life. I mean everything you have always dreamed of and more. You just have to believe it to make it happen. And the beginning of the solution is our bodies. Learning about your body, and awakening and relishing in its potential, is every woman's starting point for a healthy, confident sexuality. Too many women are strangers in their own bodies and it is not surprising. I see it in the women I work with all the time. Communication about sex is missing or even discouraged in many women's lives, making their foundation more than a little flimsy for the bumpy journey that sex inevitable is.

Some parents try to do their best during our formative years, but whether it is because they felt uncomfortable or uninformed themselves, they often fail to give us the information we needed and craved for at the time. When it is given, it is sometimes laced with negative judgments. The messages from the media and the society are labeled good girls don't, but sex is power. My hope here is to bring awareness and a rediscovering to you women on the part to sexual wholeness. Then the focus can turn to exploring and finding ways to bridge the fundamental difference in the ways that men and women approach sex.

In the end, it's the coming together that makes sex the sweetest. Like many parts of life, women need to feel their way through it. There will be pain and ecstasy along the way, soul-mating and heartbreaking. But the journey is what makes the woman – in life and in love. The thought of sex stirs up all kinds of feelings; desire and need excitement and anxiety, nostalgia and fantasy. A woman's

sexuality is ultimately a combination of the experiences she's already had, along with the untapped potential that still lies within her. Past relationships, childhood messages, and her own unique personality – all conspire to create the female sexual identity. Since the beat of our lives is always changing, our sexual needs are constantly in flux as well.

Hormones play a vital role in your sexual response and are critical in sexual function. Without them, not much would be happening in either your brain or your genitals. From a physiological standpoint, there are two essentials for great sex: balanced hormones and good blood flow. All depend upon good health in general. While your sexual anatomy and response play the leading role, the rest of your body acts as the supporting cast. Many health conditions and medications that have nothing to do with sex can have a noticeable impact on your sex life nonetheless. Women must learn to recognize and treat the health challenges that crop up over the course of a lifetime to keep their sexual response functioning smoothly, too.

JESUS IS COMING SOON

By Pastor Gbenga Odubanjo part 1

Jesus Is Coming Soon is not an understatement. My first journey to heaven, Jesus Christ told me to announce to the world that He is coming soon and instructed me to publish it with the inscription 'Jesus Is Coming Soon.'

He said two things are delaying His return. Firstly, everyone must be given the opportunity to accept salvation, so that no one will say he/she never had the opportunity to accept Jesus Christ as his/her Lord and Saviour. Secondly, all that He promised the saints before His return must come to pass because His word will never return to Him void. "Heaven and earth will pass away, but My words will by no means pass away." Matt. 24:35.

There I saw the clock ticking and showing five minutes to twelve o'clock. I became so afraid, that we have just five minutes more before Jesus Christ returns. But the angel that was with me said the clock has been like that for over fifty years. They asked me if I have forgotten the scripture that says, "But, beloved, do not forget this one thing, that with the Lord one day is as a thousand years, and a thousand years as one day. The Lord is not slack concerning His promise, as some count slackness, but is longsuffering toward us, not willing that any should perish but that all should come to repentance. But the day of the Lord will come as a thief in the night, in which the heavens will pass away with a great noise, and the elements will melt with fervent heat; both the earth and the works that are in it will be burned up. Therefore, since all these things will be dissolved, what manner of persons ought you to be in holy conduct and godliness ..." 2 Peter 3:8-18.

The clock was working but the indicators were not moving, till I left there it was still showing five minutes to twelve. I was told that no one knows when it will get to twelve o'clock except the Creator Himself. I heard it will get to twelve suddenly and Jesus Christ will return to earth to take the saints.

In this encounter, I was taken to see seven different doors that every soul must pass through before getting to heaven. Over half of the souls I saw on the line could not go through the first door. From this I now have a clearer picture of the scripture, "Enter by the narrow gate; for wide is the gate and broad is the way that leads to destruction, and there are many who go in by it. Because narrow is the gate and difficult is the way which leads to life, and there are few who find it." Matt 7:13-14. Of a truth, 'difficult is the way which leads to life, and there are few who find it.'

I have received grace from the Lord to teach, preach and write on these seven doors;

1. DOOR OF SALVATION

This is the first door that every soul will surely stand before. Two angels stood by this door with shining swords in their hands, one at the right and the other at the left side. The queue is endless with souls on a single line. Friend, it is better seen than describe. The door has a crystal clear screen, once a soul gets to this door, if he is truly born again nothing shows on the screen he will be told to proceed on his journey and will enter into a paradise but not heaven. If a sinner gets to the door all the opportunities given to the person to accept Jesus Christ that was rejected will show on the screen. If a backslider stands before the door, all the acts he committed that led to losing his salvation will be shown. How the person asked God to forgive him and later went back into the same sin again and again before satan finally took control of his soul. He can't argue because everything is revealed on the screen.

Once a man leaves the earth the mercy of God is withdrawn from him. Mercy is only available on the earth, "And as it is appointed for men to die once, but after this the judgment." Heb. 9:27. After judgement is eternity, eternity has two sides Heaven and Hell.

At this door, souls of alot of 'Christians' could not go in because; some their Christian garments has been taken from them, some their Christian garments were torn while others had stains on their garments.

One thing I noticed that satan has done to a great extent is to make people not to be heaven conscious. The devil will not stop us from going to church or hearing sermons as long as it has nothing to do with heaven. He will not oppose our prayers much since he knows all we pray about are earthly things. The devil has taken the consciousness of heaven off the mind of the people, so that they don't prepare for it. Apostle Paul said, "... work out your own salvation with fear and trembling." Phil 2:12.

Standing at this Door of Salvation makes me know that no matter what we say or do in the name of the Lord, our Christian garment MUST remain spotless so that when we get to this door we will pass through. Jesus Christ emphatically told Nicodemus "Do not marvel that I said to you, "you must be born again." John 3:7.

If Jesus Christ comes as you are reading this article, are you sure of making it to heaven? If you are not sure, this is a very good opportunity to dedicate or re-dedicate your life to Him by confessing these words with faith in your heart:

UNLOCKING KINGDOM KEYS

Pastor Isreal Egesionu (Part 1)

Unlocking Kingdom Keys Part 9: Sold Out: Surrendering to Divine Will Mathew 26:39-42; 1 Corinthians 6:19-20 Theme: 1.. To buttress that it's possible to be alive and yet unavailable for the devil and totally yielded to the Lord and His will. See John 14:30-31 To emphasize that we can't serve mammon and God at the sametime. See Luke 16:10-13. To reiterate that we cannot successfully love the Lord and the world simultaneously. See 1 John 2:15-17. Introduction: This message reminds me of various instances when we search for accommodation, sale, ticket, and whatever fascinates us. It's very embarrassing to hear the other tell us "Sold out". It means that that which we desire or want badly has been taken over by another and we can't have it anymore! How do you feel when you hear that the ticket is "Sold Out"! As mad as it may seem, it's obvious that the customer will go else where on hearing those words. How many

of us can boldly say today "I'm Sold out to the Lord and his work" and there's nothing anyone can do to it! That's my prayers, my quest, my vision, and my greatest heart desire - being Sold out completely to the Lord Jesus and his eternal will for us! When we're thus sold out, the enemy leaves us alone at least for the meantime. Our persistence dwelling in God's presence gives us eternal access into his kingdom and no more turning back. (Sing : I'll never never go back to the world....). See 2 Corinthians 3:17-18.

THE BOOK

God uses people in every generation to fulfill His purpose in His perfect timing. God uses humble humanity to bring about Divine destiny. He is looking for real people to make real and tough decisions in order to cooperate with Heaven to fight against the powers of darkness by advancing His kingdom of light. God is calling us to become nation-changers as we take the gospel to the nations of the earth. God created us for a purpose today is the time to bury our excuses and resurrect our purpose on earth. God used Esther. He can use you also.

This book is a wakeup call for all to awake from slumber and complacency. A call to be courageous. To press into the place of intimacy with the King of Kings so that you can reign with Him. If we must affect our generation and bring transformation and reformation we must radically be committed to God and be willing to stand up for His kingdom to reign over the kingdoms of this earth. Esther a beautiful young woman came to a high level of national influence at a time when so much was at stake. She took a stand for her people in agreement with the purposes of God. Her brave actions ultimately saved the Israelites from being annihilated. You too can stand up to confront the enemy of your people and nation and wipe out the annihilation system of the wicked.

Esther had other options but she chose to make a difference. You too can. She was an ordinary girl, with nothing else except her beauty; you do have something God can use. She had no special qualities that would set her apart for greatness or political or national leadership; she was just an average person who through the persistent voice of her Uncle Mordecai heard she had been positioned in the kingdom by an unseen hand for a specific purpose to make a difference in her world. Today you are hearing the voice like Esther. Would you answer? Your life matters to God. Your choice makes a difference that will have much impact on our generation. When ordinary people suddenly realize that they are part of something bigger, urgent, that requires them to act courageously and they make principled decisions, they become part of the plan of an extraordinary God and history is made. You are a History maker! "His story". You were saved and brought into God's kingdom for such a time as this.

Being in the right place at the right time and making the right decision would cause a moment in which time and destiny intersect. A time when conditions are right for the accomplishment of a crucial action. This is the time! The same God who used Esther is the God of today. He is still looking for one – FOR YOU, to come into agreement with His purpose, His values and His plan. Will you make a difference? Will you take a stand? Will you be that one life that God can work through to chart the course for His eternal plan and through which He can show that His is still on the throne. Will you allow God to use you to change your family, city, community, church, nation, your continent and the world at large? This book is what you have been waiting for. It will launch you into your destiny. JUST GET UP AND TAKE THE NEXT STEP!

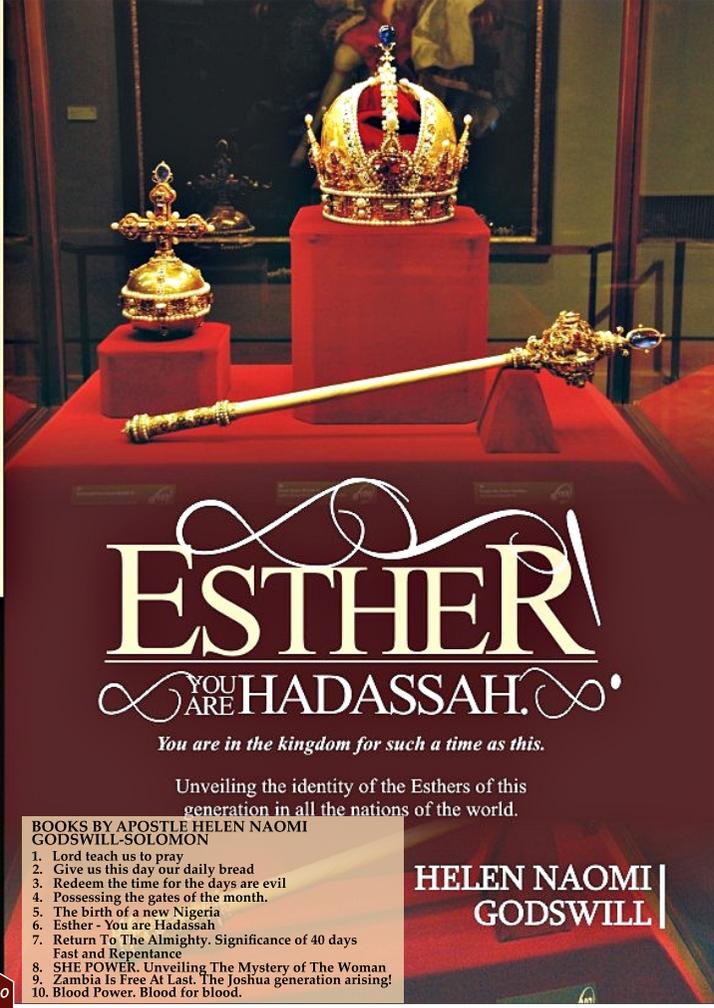

This BOOK is for everyone. A very useful tool in the hands of non Christians, Christians in politics, in government houses, in leadership and in the market place.

THE POWER OF SELF-IDENTITY

(Who are you, woman?)

Pastor Bosede Adetunji Part 2

Of anything, you can start by mastering just one thing. This can eventually turn out to be a channel or funnel into others. The secret of achieving this is a well-defined personal identity. I therefore describe self-identity as: The awareness and concluding statement or lifestyle of an individual, which comprises past and present characteristics of such person as a way to determine their future potentials.

PRACTICAL APPLICATION

Having said this, I need to ask again: Who are you, woman? I am not trying to know your name or profile.

Those are mere labels or what some often call “packaging”. So, that’s not my concern. My concern is who you really are. Based on the above definition, your true self is your inner man; it is inside of you. It is who God has made you to be, the inspiration and revelation that are locked up in you. When you start to operate in that realm, it makes your influence to be phenomenal.

Your self-worth will swim out of your skin to align with what God has packaged you to be. Knowing who you are makes life easy for you and all that are around you. As I said before, 33

THE ESTEEMED W.O.M.A.N

it will drastically reduce the tendency to jump from pillar to post in the quest for purpose, meaning, success and fulfillment in life. And more importantly, it will certainly keep you from the tragic statistics of those who ignored or wasted their talents and gifts in the world and ended up in the grave without fulfilling their assignment on earth.
